Choosing a Lawyer

Keep in mind that no matter what your legal dispute, selecting a lawyer is an important decision that should not be made based on a website, an ad or any kind of marketing. It should be made based on personal contact with an attorney. We encourage you to contact us if you feel we are a good fit for your case. If you cannot determine if we are the people you need to successfully handle your case, please visit our should you contact us section to help you make your decision.

** Please note that recovery results vary per client. The recovery amounts in each case reflect the specific facts of that case. Further, recovery amounts in past cases are not a guarantee of future results.*
